## **Peak Season Surcharge (Pss) Introduced On Inbound Airfreight From Greater China**

Dear Valued Customer,

Due to increased volumes as we move into the busiest airfreight period of the calendar year, a Peak Season Surcharge will be implemented by airlines operating from China and Hong Kong into the UK.

SEKO SYNERGY have no choice but to pass this increase onto our customer base and so with immediate effect the surcharge will apply on all airfreight shipments to the UK.

The PSS will be levied as a separate line item on the invoice and will be:

HONG KONG – 3.00 HKD PER KILO

REST OF CHINA – 0.50 USD PER KILO

As soon as the peak period subsides the surcharge will be removed.

Please contact your SEKO SYNERGY Representative for further information or contact us via the website.

Yours faithfully
